

Purpose

Last Updated Sunday, 04 December 2011

- To promote the intermodal transport/Short Sea Shipping (SSS)/Inland Waterway Transport (IWT) facilities available in Romania;
- To be a promoting factor of the innovative projects in intermodal transport;
- To facilitate better communication between different transport companies within the intermodal chain through seminars, conferences, workshops;
- To identify and attract national funds for intermodal transport projects ;
- To attract relevant investments and E.U. funds for intermodal transport projects developed in Romania;
- To promote the Danube as one of the main "water highway" to transit goods to and from central Europe;
